SUBJECT: Approval of ECPs GR-64, GR-66, GR-67, and GR-68,  
Contracts LP-2264 and CW-6644

Dear Chuck,

STATINTL

The [ ] ECPs listed above are technically approved for production and retrofit. Request that you give [ ] formal authority to proceed with these changes. Note that there is no additional cost to us for them. STATINTL

Although the cover letters on each of these changes imply that ECPs 64, 66, and 67 will be retrofitted by GR, it appears that AF technicians can accomplish the necessary work on all equipment which has been delivered.

We assume that any retrofit of ECP GR-68 will be accomplished by the SRA only.

Regards,

*George*
